Dear Neighbors of the Rothsville Ambulance,

Everyday Emergency Medical Service men and women throughout the world put their lives on the line to help the people of their communities. At the Rothsville Ambulance we are proud of the men and women who volunteer their time away from their families and risk their lives to help our community. They spend hours training and practicing scenarios to be prepared to respond to all different kinds of emergencies.

We want to thank you for your donation last year. With your generous donations, we were able to almost meet our budget number and to serve you consistently throughout the year.

Rothsville Ambulance was dispatched to almost 900 calls in 2019: 547 medical, 137 vehicle accidents, 18 fire and many other misc. calls. Our community is fortunate to have over 35 volunteer men and women who donate their time and expertise. Over 20 volunteers have completed the rigorous training to be EMT trained and state certified. Other volunteers are EMR certified and help alongside EMTs to provide emergency medical care. Rothsville ambulance is staffed 24 hours a day, 365 days a year.

Pennsylvania has extended the scope of practice for our EMTs which requires even more training. Along with this training we are also required to purchase more equipment to keep our providers ready to serve at a moment's notice.

This year's fund drive donations will go to our general operations fund. We need to purchase additional equipment and update existing outdated equipment. This leaves us with a budget of almost \$200,000.

Thank you for any amount that you can give towards this community's well-being.

Sincerely,  
James Hoover  
President
